KILRUSH
CREDIT UNION LTD

WHY SAVE WITH KILRUSH CREDIT UNION?

Saving money with Kilrush Credit Union Limited means you also become a member of a highly successful co-operative. You are not just another customer you are a member.

Each and every €1 you save is equivalent to 1 share in the credit union. If you begin to save regularly it won't be long before you build up a healthy balance.

When you save with us you are also building a history which will be taken into account in the future should you wish to apply for a loan.

The money you save with us is used by the credit union to fund the loans it makes to members. By saving with us you are indirectly helping your neighbours and the community to develop.

LIMIT ON SAVINGS

Your savings are covered by the Central Banks statutory Deposit Guarantee Scheme, up to a max level of €100,000. Kilrush Credit Union imposes a lower savings cap due to capital requirements. Talk to a member of staff for more information.

LIFE SAVINGS INSURANCE

Life Savings Insurance is the life insurance cover paid by Kilrush Credit Union Limited on behalf of its members as an incentive to save regularly. Life Savings Insurance is payable on the death of the eligible member, subject to policy terms and conditions.

The amount of insurance benefit to which a member is entitled is in proportion to the amount of savings the member has made and retained during the term of membership and depends on the member's age at date of lodgement.

Subject to a maximum benefit of €1,000, every €1 saved before the age of 55 provides €1 of insurance. However, once over the age of 55, each €1 saved provides the following benefit:

55 – 60 Every €1 provides → €0.75 in insurance

60 – 65 Every €1 provides → €0.50 in insurance

65 – 70 Every €1 provides → €0.25 in insurance

Amounts saved after a member's 70th birthday are not insured. However, cover built up before their 70th birthday remains in force provided savings remain in place. Withdrawals may affect the amount of life savings insurance payable.

Please note that only share accounts are covered by the Credit Union's Life Savings Policy.
Balances held in EFT/ATM/Current Accounts are not eligible for insurance cover.

NOMINATIONS

A member's nomination is a legally binding, written instruction that informs the Credit Union how to deal with a members' shares after death.

Here are some frequently asked questions to explain further:

What happens to my shares when I die?

If you have completed a Nomination Form, your nominee/s will receive your Credit Union Shares and insurance benefits (if any) up to €23,000 when you die. If your shares exceed €23,000, the excess will go to your estate subject to grant of probate. Please note that a nomination supersedes a will.

Who can I nominate?

You can nominate anyone, family or friend or group of people. It is important that you review your Nomination Form regularly.

Can I change my nomination?

Yes, by filling in a new Nomination Form. A nomination becomes invalid if you get married or the person that has been nominated dies. Note, divorce or legal separation will not revoke a nomination.

Should I ask about my nomination?

Yes, a member of staff will be delighted to confirm whether you have completed a nomination and the name of your nominee.

My account was opened for me when I was a child?

If you joined as a child, you would not have had a Nomination Form completed. Once you reach the age of 16 you should fill out a Nomination Form.

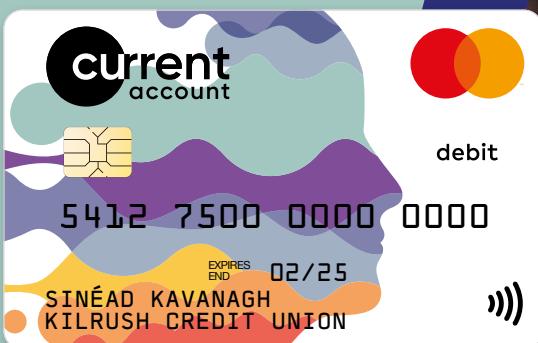

Where do I get a Nomination Form?

You can call into our office and complete a Nomination Form at any time.

LOAN PROTECTION INSURANCE

In Kilrush Credit Union Limited, the outstanding loan balances of eligible members are automatically insured at no direct cost to the member.

This means that while the loan is active it will be repaid in full in the event of the member's death. Members can take out a credit union loan in the full confidence that their dependents will not have to pay the loan off on death.

Kilrush Credit Union provides this cover on the lives of its borrowing members between their 16th and their 85th birthday. Banks and other financial institutions charge a separate insurance premium on top of loan repayments for this benefit.
